

AMENDMENTS TO THE CLAIMS:

The listing of claims will replace all prior versions, and listings of claims in the application:

LISTING OF THE CLAIMS

1. (Previously presented) A method of treating diseases of the skin selected from psoriasis, neurodermatitis, shingles, aphthae, lip rhagade, stomatitis herpetica, vessels with watery liquid, and diseases of the skin and mucous membrane caused by herpes simplex virae, said method comprising the administration to the area to be treated of tosylchloramide(s), tosylchloramide salt(s), or mixtures thereof.
2. (Previously presented) The method of Claim 1, characterized in that the diseases affect the skin and the mucous membranes.
3. (Previously presented) The method of Claim 2, characterized in that the diseases result in efflorescences.
4. (Previously presented) The method of Claim 2, characterized in that the diseases and/or efflorescences are caused by microorganisms and/or accompanied by microorganisms.
5. (Previously presented) The method of Claim 1, characterized in that the diseases constitute parasitic diseases.
6. (Previously presented) The method of Claim 1, characterized in that the diseases affect:
 - a) the lid, conjunctiva or cornea of the eye;
 - b) the exterior of the ear;
 - c) the nasal cavity;
 - d) the lips and mucous membranes of the mouth and/or the tongue;
 - e) the vulva and/or vagina;

- f) the penis;
- g) the anus;
- h) the nail;
- i) the hair follicles and/or the sebaceous glands; and/or
- j) the hands and feet.

7. (Previously presented) The method of Claim 1, wherein said tosylchloramide(s), and/or tosylchloramide salt(s), are present in an employed base in an amount of approximately 0.1 to 20% by weight.

8. (Previously presented) The method of Claim 1, wherein a tosylchloramide salt is employed.

9. (Previously presented) The method of Claim 7, wherein the base constitutes a liquid, semi-solid or solid, water-containing or water-free galenic preparation.

10. (Previously presented) The method of Claim 9, wherein the base constitutes an ointment, a gel, a cream, a paste, a suppository, such as a vaginal suppository, an adhesive bandage, a tablet, such an effervescent or vaginal tablet, or a capsule, a stick, a pulverized substance, a powder, a solution, an aerosol, a two-compartment system or a suspension, such as a shake mixture/dry suspension.

11. (Previously presented) The method of Claim 9, wherein the base constitutes a dosed aerosol or a dosed solution.

12. (Previously presented) The method of Claim 9, wherein the base constitutes a bath water additive.

13. (Previously presented) The method of Claim 9, wherein the base is an O/W- or a W/O-emulsion ointment.

14. (Previously presented) The method of Claim 7, wherein the base is a cortisone-containing preparation, containing the tosylchloramide(s), and/or tosylchloramide salt(s), in an amount of approximately 0.1 to 20% by weight.

15. (Previously presented) The method of Claim 9, wherein the base is a gel comprising the tosylchloramide(s), and/or tosylchloramide salt(s), in an amount of approximately 0.1 to 5% by weight.

16. (Previously presented) The method of Claim 9, wherein the bath water additive is employed in form of pulverized substance or bath salt tablet or effervescent tablet, which is applied in water in a concentration of approximately 0.1 to 1% by weight.

17. (Previously presented) The method of Claim 1, wherein the tosylchloramide(s), and/or tosylchloramide salt(s), are present in an employed base in an amount of approximately 5 to 15% by weight.

18. (Previously presented) The method of Claim 1, wherein the tosylchloramide(s), and/or tosylchloramide salt(s), are present in an employed base in an amount of approximately 8 to 12% by weight.

19. (Previously presented) The method of Claim 9, wherein the base is a gel, in which are present the tosylchloramide(s), and/or tosylchloramide salt(s), in an amount of approximately 0.1 to 2% by weight.

20. (Canceled)
